The theme for Recovery Month 2016 is Join the Voices for Recovery: Our Families, Our Stories, Our Recovery!, which highlights the value of family support throughout recovery. The theme also invites individuals in recovery and their family members to share their personal stories and successes in order to encourage others.

*Recovery Month promotes the societal benefits of prevention, treatment, and recovery for mental and substance use disorders, celebrates people in recovery, lauds the contributions of treatment and service providers, and promotes the message that recovery in all its forms is possible.*

*Recovery Month spreads the positive message that behavioral health is essential to overall health, that prevention works, treatment is effective and people can and do recover.*
