Presenting Keynote Speaker: Tonier "Neen" Cain

Healing Neen: One Woman's Path to Salvation from Trauma and Addiction

Tonier "Neen" Cain will take you to the depths of one woman's lowest points, an unfathomable rock-bottom place under a makeshift home under a bridge. She shares what a life filled with abuse, depravity, lying and cheating to survive the streets was really like, and recounts how the fighter, clawed her way back to the surface. Today, Tonier Cain is a tireless advocate helping to save thousands of other "Neens" across the nation. She is a leading voice for trauma therapy in prisons, mental health facilities and a loving mom who cares deeply for the daughter she's been entrusted to raise. Her story embodies the value of human life, the depth of suffering and the heights of grace. She brings us face-to-face with the ubiquitous corruption, neglect and abuse in some of the systems meant to safe-guard at-risk women and children, yet she leaves us with the hope that things can change for the better.
