In his 7th Book, Dr. Raul A. Deju joins forces with 35 of his BFF (Best Friends Forever) including some New York Times Bestselling Authors and Tom Gorham, Option Recovery Services Executive Director to take snippets from their lives and reflect on how their mojo allowed them to achieve success and the American Dream.

Their adventures range from escaping genocidal regimes; to conquering over a decade of alcoholism to help build one of California's leading alcohol and substance abuse treatment and recovery centers, including a prison training program certifying California inmates as alcohol and drug counselors.

Dr. Deju and his BFF have been part of the leading innovative forces that have led to the creation of many major modern enterprises such as a number of the Virgin Brand ventures, Esurance.com, Waste Management, EnergySolutions, Appurify, MTV, Nickelodeon, Yahoo, Charles Schwab, Headwaters, and many other companies.

Meet Two of the Authors

Dr. Raul A. Deju, lead author and a native of Cuba who migrated to the US in his early teens is the founding director emeritus and a supporter of the Institute of Entrepreneurial Leadership (IEL) at John F. Kennedy University in the San Francisco Bay area. He is currently a Senior Partner at Brightstar Capital Partners a New York based private equity partnership and CEO of Deju Management Advisors, Inc.

Tom Gorham was homeless for over a decade. After hundreds of incarcerations, he received help for his alcoholism from Options Recovery Services. At age 50, Tom returned to school and among other achievements became a Marriage and Family Therapist to help build a dynamic treatment program for men and women. He spent the next 18 years helping thousands maintain sobriety.
